Snow Chains **Accessory Special** All Models

Genuine König Snow Chains Special

We stock a wide variety of König Snow Chains to fit all Land Rover products. The König chain is a diamond pattern chain with 16mm cross chains in special alloy steel (UNI EN 10020) MnNi. It features the self tensioning chain, alloy rims protection, excellent grip on ice and snow and driving comfort thanks to the cross chain.

Features

- ✓ Includes 2 chains, storage box, & instructions on label
- ✓ No problem to put on, easy fitting without moving the vehicle non-slip surface
- ✓ Comes in solid easy to store handle style container & European quality - made in Italy
- ✓ Added grip on ice and snow, perfect road holding and no stopping
- ✓ Steel tension springs hold the chain tight against the tyre when driving
- ✓ Chains to fit Range Rovers, Discoverys, Freelanders and Defenders

Selecting the right Snow Chains

The easiest way to select the right chain is to look at the tyre size. Your vehicle's tyre size is written on the side wall of the tyre. There are 3 numbers in succession for example 255/45/R16 or 255/50/20.
